CHARTIERS CENTER OPENS SUBSTANCE ABUSE TREATMENT PROGRAM

We are happy to announce that Chartiers Center's new Substance Abuse Outpatient Treatment Program is now open. The program is located at 515 Washington Rd., Bridgeville, PA and is conveniently minutes from the I-79 Bridgeville exit.

The Chartiers' program is open to adolescents and adults age 12 and older who have displayed a need for substance abuse treatment services and require Outpatient Services. The Substance Abuse Treatment Program can also provide the appropriate level of care for consumers who are diagnosed with a co-occurring mental health disorder.

The program will include individual counseling, family counseling, psychiatric evaluations and, if needed, medication management. Soon the program will begin to offer intensive outpatient programming. Services can be utilized as a step down from a higher level of care, or as a first step in assisting a consumer who is suffering from a substance use disorder.

Chartiers' staff looks forward to improving the lives of people who are struggling with substance abuse and/or mental illness. If you have questions on insurance, or would like more information about the program, please feel free to contact us at (412)221-3302 x123 or (412)914-8096.
